SACRAMENTO UPDATE – SUMMARY OF 2020 COUNTY ADVOCACY EFFORTS

Executive Summary

On September 30, 2020, Governor Gavin Newsom completed action on legislative measures for the second year of the 2019-20 Legislative Session. This year, in consultation with the Board of Supervisors and in collaboration with County departments, the Chief Executive Office's Legislative Affairs and Intergovernmental Relations (LAIR) Branch advocated on 130 State legislative and budget proposals that will protect, support, and/or enhance County operations, programs, and the well-being of constituents. This report and attachments summarize those strategic advocacy efforts. Attachment I highlights the County's major advocacy wins.

County-Advocacy on Major Items Related to COVID-19

In 2020, the COVID-19 pandemic resulted in unprecedented advocacy efforts, including: advancing the need for local government funding to address the loss of local revenue due to the economic crisis caused by the pandemic; protecting the health and safety of people experiencing homelessness by providing non-congregate shelter options and purchasing and rehabilitating housing, including hotels, motels, vacant apartment buildings, and other buildings to convert them into interim or permanent, long-term housing; preparing election officials to respond to the impacts of COVID-19 and to conduct necessary voter education and outreach efforts; and extending the two-year deadline for assessment appeal applications and conducting assessment appeal hearings remotely. Please refer to Attachment II for more details.

County-Sponsored Proposals

In 2020, the County's successful advocacy efforts led to the enactment of six County-sponsored and co-sponsored Assembly Bills (AB), Senate Bills (SB), and budget proposals:

- **AB 1929 (Rubio) Expanding Internet-Based Reporting of Child Abuse and Neglect** – Makes permanent a pilot program authorizing counties to develop an internet-based reporting system of child abuse and neglect, and permits all mandated reporters to utilize the system to better protect children.

- **AB 2782 (Stone) Mobilehome Park Rent Stabilization Protections** – Includes County-sponsored provisions to allow local jurisdictions to expand local rent stabilization protections to include long-term mobilehome rental agreements to create price stability and provide another local tool to help keep vulnerable residents in their homes.

- **AB 3373 (Committee on Revenue and Taxation) Property Taxation: Assessment Appeals Boards** – Includes County-sponsored provisions that authorize a board of supervisors to create as many assessment appeals boards for the county as it deems necessary for the orderly and timely processing, hearing, and disposition of assessment appeals.

- **SB 803 (Beall) Peer Support Specialist Certification** – Establishes State certification for peer support specialists for mental health and substance use disorder care; and requires the State to include certified peer support specialists as Medi-Cal provider types and peer support as an eligible Medi-Cal service.

- **SB 1030 (Committee on Housing) Expanding the County's Housing Advisory Board** – Includes County-sponsored provisions that authorize the County to expand the Los Angeles County Development Authority's Housing Committee to 11 members, allowing each Board District to appoint a non-tenant member.

- **SB 1473 (Committee on Governance and Finance) Delegated Authority for All Project Types** – Includes County-sponsored provisions to allow a board of supervisors to delegate authority to adopt plans and other working details on public works, county highways, county bridges, county waterworks districts, and other vital county infrastructure projects.

On March 4, 2020, Governor Newsom declared a State of Emergency in California in response to COVID-19. To prevent and mitigate the effects of the global health crisis, public health stay-at-home orders were undertaken. These health orders directly impacted the legislative schedule during the spring and early summer, when the State Legislature adjourned in response to the pandemic, reducing the legislative session for several weeks. Subsequently, the legislative calendar was truncated, which reduced the number of legislative hearings, as well as the number of bills that could proceed before the end of the session.

As a result, County-sponsored bills related to mental illness and substance use disorder, county contracts, State beaches, progressive design-build projects, hazardous waste, greenhouse gas reduction, and access to housing, were held in various committees or failed to pass the Legislature. This office, in collaboration with Board offices and impacted departments, is currently in the process of assessing these proposals for potential reintroduction in 2021.

County-Advocacy on State Budget Proposals

In addition to County-sponsored and co-sponsored legislation, the County advocated on 29 State Budget proposals, of which 11 proposals were enacted in the 2020 State Budget Act. This includes proposals that provide funding to: backfill realignment revenue losses; conduct licensing, certification, and inspection of County health care facilities; realign the Division of Juvenile Justice (DJJ) programs to counties; and administer the Medi-Cal program. In total, the County's State Budget advocacy led to more than $337.5 million in new additional funding for the County. Please refer to Attachment III for more details.

County-Advocacy Legislation

This year, the Legislature introduced 2,224 bills. LAIR worked closely with Board offices and impacted departments to review these legislative proposals and to identify legislation that had the potential to impact County operations. Accordingly, the County actively advocated in sponsorship, co-sponsorship, support, or in opposition of 101 County-related bills.

As a result of COVID-19 impacts, approximately three-fourths of the bills that were introduced in 2020 were culled by the Legislature to accommodate the shortened session which became largely focused on COVID-19 related priorities. Of the County-advocacy bills that did proceed in 2020, the County successfully supported 49 bills, seven of which were amended such that the County moved to a neutral position because the focus of the bills changed. This included legislation related to police reforms; juvenile justice protections; protections for homeowners; and rights for students, among others. In addition to the 2,224 bills introduced, LAIR also reviewed 147 Trailer bills and 58 Executive Orders.

Please refer to Attachment IV for a summary of all bills which the County either actively advocated on or bills that the County closely monitored. This information can also be found online at: https://ceo.lacounty.gov/county-of-los-angeles-legislative-tracking-system/.

The first year of the 2020-21 Legislative Session is expected to begin on January 4, 2021. LAIR will continue to work with Board offices and departments to advance the County's priorities.

Should you have any questions concerning this matter, please contact Samara Ashley, Assistant Chief Executive Officer, at (213) 974-1464 or sashley@ceo.lacounty.gov.

c: All Department Heads

LOS ANGELES COUNTY – 2020 STATE ADVOCACY

In 2020, the County successfully advocated on 60 State legislative and budget proposals that will support and enhance County operations, programs, and the larger well-being of local families and individuals.

COUNTY SPONSORED LEGISLATION

Successfully lead efforts to enact six County-sponsored legislative measures.

CO-SPONSORED AB 1929 (RUBIO)

Internet-Based Reporting of Child Abuse and Neglect

Makes permanent a pilot program authorizing counties to develop an internet-based reporting system of child abuse and neglect, and permits all mandated reporters to utilize the system to better protect children.

AB 2782 (STONE)

Mobilehome Park Rent Stabilization Protections

Sponsored provisions to allow local jurisdictions to expand local rent stabilization protections to include long-term mobilehome rental agreements to create price stability and provide another local tool to help keep vulnerable residents in their homes.

CO-SPONSORED AB 3373 (COMMITTEE ON REVENUE AND TAXATION)

Property Taxation: Assessment Appeals Boards

Authorizes a board of supervisors to create as many assessment appeals boards for the county as it deems necessary for the orderly and timely processing, hearing, and disposition of assessment appeals.

CO-SPONSORED SB 803 (BEALL)

Peer Support Specialist Certification

Establishes Statewide certification for peer support specialists for mental health and substance use disorder care; and requires the State to include certified peer support specialists as Medi-Cal provider types and peer support as an eligible Medi-Cal service.

SB 1030 (COMMITTEE ON HOUSING)

Expanding the County's Housing Advisory Board

Sponsored provisions that authorize the County to expand the Los Angeles County Development Authority's Housing Authority Committee to eleven members, allowing each Board District to appoint a non-tenant member.

SB 1473 (COMMITTEE ON GOVERNANCE AND FINANCE)

Delegated Authority for All Project Types

Sponsored provisions to allow a board of supervisors to delegate authority to adopt plans and other working details on public works, county highways, county waterworks districts, and other vital county infrastructure projects.

COUNTY ADVOCACY MEASURES

Successfully advocated in support of 54 legislative and budget measures of significant impact to the County, including:

REALIGNMENT BACKFILL

The State Budget Act of 2020 provides $750.0 million statewide in one-time funding for 1991 and 2011 Realignment backfill, including $239.3 million for LA County to cover losses in sales tax revenues due to the COVID-19 pandemic. This funding allowed the County to avoid larger cuts to vital services.

HOUSING/BOARD & CARE

The State Budget Act of 2020 provides $550.0 million statewide for the acquisition, rehabilitation, or leasing of housing for people experiencing or at-risk of becoming homeless, and allows designated adult residential facilities and residential care facilities for the elderly as projects eligible for this funding.

AB 1551 (ARAMBULA)

PACE Protections

Increases consumer protections related to the Property Assessed Clean Energy (PACE) Financing Program.

FUNDING FOR JUVENILE JUSTICE REALIGNMENT

The State Division of Juvenile Justice (DJJ) Realignment to counties will be funded at similar levels as the current State per youth costs, at $225K per youth rather than the original $125K proposal. LA County will receive approximately $40 Million + a year.

SB 793 (HILL)

Flavored Tobacco Products

Prohibits the sale of flavored tobacco products, whose use by youth has increased notably in recent years.

CONTINUUM OF CARE REFORM

The State Budget Act of 2020 provides $80.0 million statewide for Resource Family Approval county costs as a true-up, in addition to $13.4 million one-time funding for foster placements.

AB 376 (STONE)

Student Borrower Bill of Rights

Creates State standards to regulate student loan servicers and increase consumer protections for student loan borrowers.

COUNTY-ADVOCACY ON 2020 MAJOR ITEMS RELATED TO COVID-19

As a result of COVID-19, the County shifted its advocacy efforts to advance the need for local government funding to address the loss of local revenues due to the health care and economic crisis caused by the pandemic.

Budget Stability

Revenue Realignment Backfill – The County relies on State and local sales taxes and other economy-based funds to bolster municipal services. For Fiscal Year 2020-21, the County is projecting over $935.0 million in lost revenues that fund vital public programs, including health, public safety, child welfare, homelessness, and social services. To help address these losses, the 2020 State Budget Act provided $750.0 million statewide in one-time funding to partially backfill the losses in 1991 and 2011 Realignment revenue counties are experiencing, **including $239.3 million for Los Angeles County.**

Homelessness

Homeless Response Funding – The 2020 State Budget Act appropriated $550.0 million of the Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. No: 116-136), funding for Project Homekey, formerly known as Project RoomKey. The State and local governments received up to 75 percent cost-share reimbursement from the Federal Emergency Management Agency (FEMA) for hotel and motel rooms, including wraparound supports such as meals, security, and custodial services.

The funding can be used for the acquisition and rehabilitation of motels, hotels, or hostels; master leasing of properties; acquisition of other sites and assets; conversion of units from non-residential to residential in a structure with a certificate of occupancy as a motel, hotel, or hostel; purchase of affordability covenants and restrictions for units; relocation costs for individuals who are being displaced as a result of the rehabilitation of existing units; and capitalized operating subsidies for units purchased, converted, or altered with this funding.

The County has received five Project Homekey awards since September 2020, including: $54.0 million to acquire five motels for a total of 430 units to provide interim housing while properties are being converted to permanent housing; $7.4 million to acquire a facility in Norwalk that will house approximately 56 individuals experiencing homelessness; $8.6 million to acquire a motel to house approximately 43 people who are experiencing homelessness; $7.5 million to acquire a property to permanently house approximately 40 individuals who are experiencing homelessness and affected by COVID-19; and $24.1 million to create 135 units of interim housing (with supportive services) with the goal of permanently housing people experiencing homelessness or at risk of homelessness.

Elections

Elections Funding – The 2020 State Budget Act allocated $111.6 million ($46.1 million in State General Funds (SGF) and $65.5 million in Federal funds) to prepare election officials to respond to the impacts of COVID-19 and conduct the necessary voter education and outreach. This includes $35.0 million SGF for the November 2020 election, $11.1 million in

one-time funding from the Federal Trust Fund, and $65.5 million in additional Federal funds to implement the Help American Vote Act of 2002, as well as CARES Act funding. **The County received $16.4 million.**

Assessment Appeals

Assessment Appeal Application Time Extension – Assessment Appeals Boards (AABs) are required to render a decision on an assessment appeals application within two years from the date the application was filed. Due to the COVID-19 pandemic, AABs have been unable to conduct assessment appeal hearings since mid-March, which has increased an already large backlog of assessment appeals.

To help address this backlog, on July 31, 2020, Governor Newsom signed Executive Order E-72-20 that extends the decision period for pending assessment appeals filed with a County AAB on or before March 4, 2020, until January 31, 2021. AB 107 (Chapter 264, Statutes of 2020) further extends the decision period to March 31, 2021, and clarifies that AABs are not precluded from conducting remote hearings under current law, as long as they ensure compliance with the requirement that the hearings be open and public.

COUNTY-ADVOCACY ON 2020 STATE BUDGET ACT ITEMS

Inclusive of one County-sponsored and seven County co-sponsored budget proposals, the County advocated on 29 State Budget proposals, of which 11 proposals were enacted in the 2020 State Budget Act. The County's advocacy efforts helped secure more than $337.5 million in additional funding for the County as follows:

Budget Stability

County-supported Realignment Revenue Backfill Provisions – Allocates the remaining three quarters of the $750.0 million provided by the State in one lump sum rather than in 12 monthly installments. **The County received $239.3 million.**

Public Health

County-supported Health Facilities Licensing and Certification – Provides an increase of $3.1 million for the State Licensing and Certification Program Fund, and an additional $21.0 million to fully fund the contract with Los Angeles County to conduct licensing, certification, and inspection of approximately 3,200 health care facilities in the County, **for a total of $86.5 million for the County in Fiscal Year (FY) 2020-21**.

Justice

County-supported State Funding for the Realignment of the Division of Juvenile Justice (DJJ) Program to Counties – Provides additional State resources for the DJJ proposal including: sufficient funding to provide adequate services and support; funding provided as a guaranteed annual ongoing allocation that allows for increases tied to cost-of-living; funding to offset one-time implementation costs; and sufficient implementation time and local program flexibility. **The County will receive $8.3 million in FY 2021-22; $24.6 million in FY 2022-23; and $40.7 million ongoing beginning in FY 2023-24.**

Human Services

County-supported Medi-Cal County Administration Allocation – Provides a $67.7 million increase statewide for this allocation. **The County received $11.7 million.**

The County's advocacy efforts also prevented the following funding reductions to the County:

Health

County-opposed Elimination of the Supplemental Payment for the Martin Luther King, Jr. Community Hospital – Would have eliminated the $8.2 million SGF supplemental payment for the Martin Luther King, Jr. Community Hospital.

Human Services

County-opposed Elimination of the CalWORKs Expanded Subsidized Employment (ESE) Program – Would have eliminated the $134.1 million statewide funding allocation for the ESE program. **The restoration of the ESE funding allocation will allow the County to continue receiving its $37.1 million ESE allocation in FY 2020-21.**

County-opposed CalWORKs Single Allocation (CWSA) Reduction – Would have reduced the statewide CWSA by $19.8 million in FY 2020-21, as a result of the shift of the base funding requirement for subsidized employment from the CWSA to the ESE. **The restoration of the base funding will allow the County to preserve the $4.4 million of base funding in its CWSA.**

County-opposed In-Home Supportive Services (IHSS) Collective Bargaining Fiscal Penalties – Would have increased the fiscal penalty for counties that fail to reach a collective bargaining agreement within a reasonable amount of time and would have mandated public disclosure of costs paid by counties for vendor contracts for IHSS provider wage negotiations.

Early Care and Education

County-opposed Early Care and Education Reduced Reimbursement Rate – Would have reduced reimbursement rates for subsidized early care. The County is supportive of the use of State and Federal funding for the provision of additional child care services and provider costs related to COVID-19.

Children and Families

County-opposed Child Welfare Services Reductions – Would have eliminated the Foster Parent Recruitment, Retention, and Support (FPRRS) and Resource Family Approval (RFA) funding. The County supports proposals that provide funding for the recruitment, retention, and support of resource families and the true-up of the full County costs of Continuum of Care Reform (CCR) implementation, including fully funding the RFA workload.

Environment and Natural Resources

County-opposed Transformative Climate Communities Elimination – Would have eliminated the Transformative Climate Communities (TCC) Program of the State's Cap and Trade Expenditure Plan.
