

### Preschool (Half-day) Priorities 2009-10

Zip Code Priorities for Preschool take into account children, ages three through five years old, in families with income at or below 75% of state median income where there is at least one non-working parent in the household. Spaces available/children served from the following programs are used in this analysis: State Preschool (half-day); Head Start, Prekindergarten and Family Literacy (PKFL) (half day), Los Angeles Universal Preschool (LAUP), and the Los Angeles Unified School District (LAUSD) School Readiness and Language Development Program (SRLDP). If a zip code is not included in this list, it does not have any priority for funding because the number or percent of unserved children is less than the CDE approved numbers for Los Angeles County.
