\*Indicates sites that are currently accredited by the National Association for the Education of Young Children (NAEYC). NAEYC administers the only professionally-sponsored national voluntary accreditation system for child care and development centers. Less than five percent of child care programs in Los Angeles County have successfully completed the accreditation process. Accredited programs have conducted a self-study and a parent survey. The program has been observed to validate the findings of the self-study. Results from the self-study, parent survey, and validation visit are reviewed by the Accreditation Commission.
