### BOARD OF SUPERVISORS COUNTY OF LOS ANGELES

DON KNABE  
Supervisor, Fourth District

Dear Community Member,

The County of Los Angeles has much to offer residents of Hacienda Heights. The Hacienda Heights Connection is a great way to connect you to important County information, programs and resources. It is written specifically for your community and includes information on resources such as recreation, library, road maintenance, public safety and more.

Highlights include information about new projects such as the Hacienda Heights Community and Recreation Center and Orange Grove Park, – see page 2 for the exciting details.

Please save the Hacienda Heights Connection as your year-round community reference guide. A field deputy is also available to assist you should you have a County-related concern. Their contact information can be found on page 2.

*Thank you!*

### NEW Hacienda Heights Community and Recreation Center

# Community Improvements and Updates

## Plans are Underway for the New Hacienda Heights Community and Recreation Center 1234 Valencia Avenue

There has been steady progress on the development of the new community and recreation center that will be located on a 7-acre site owned by the Hacienda La Puente Unified School District. The former site for Hillgrove Elementary School, was no longer needed for school purposes. Through a long-term agreement between the County of Los Angeles and the School District, the first phase of the new construction includes a 19,000 square foot community and recreation center along with educational, recreational and social programming opportunities for the residents of Hacienda Heights. Phase II of this project includes the addition of a new 17,000 square foot gymnasium.

In partnership with the County and the Department of Parks and Recreation, the Community Development Commission (CDC) is managing the development and construction of the new facility which is being designed by DLR Group WWCOT Architects.

Over 200 community residents participated in “Visioning Meetings” conducted in 2009. Participants expressed their priorities through surveys and voted on what they would like to see at the new facility.

Phase I of the \$21 million project is scheduled to begin construction in mid-2012, and completion is scheduled for the end of 2013. Phase II of the project is dependent on future funding availability. Project information is available at [www.knabe.com](http://www.knabe.com) and will be updated as the project progresses. For more information contact (909) 594-6561.

## Orange Grove Park in the Works for Hacienda Heights

Through a partnership between the County of Los Angeles and the Hacienda La Puente Unified School District, a new park is coming to Hacienda Heights. The proposed new passive park will transform a dirt field into a seasonal landscaped setting that local residents can enjoy year-round. In 2010, Hacienda Heights residents attended a community meeting to review and select a design for the vacant property located next to Orange Grove Middle School. The new 5-acre park will offer a walking trail, exercise areas, children’s play equipment, and picnic tables. Landscaping includes drought-tolerant and seasonally blooming native plants show-casing views of the San Gabriel Mountains in the distance. Construction is planned to begin in 2012. For more information, please contact (909) 594-6561.

DPW's priority is to maintain the appearance of your community. Recently, road improvement projects at various locations were completed in Hacienda Heights (see page 14). If you have any questions or concerns regarding public roads in Hacienda Heights, please contact DPW at (626) 337-1277.

## Hacienda Heights Community Plan Update - Regional Planning (DRP)

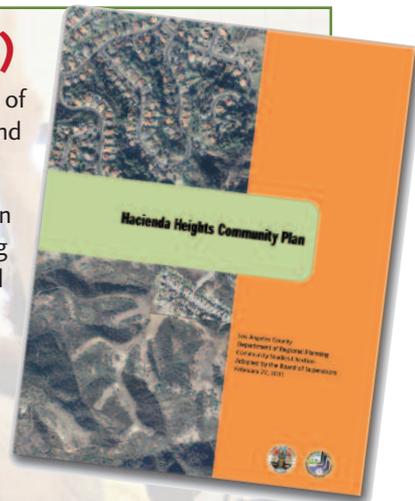

An update to the Hacienda Heights Community Plan (the Plan) was recently completed. The purpose of the update was to address community-wide issues such as land use, maintenance, preservation and service delivery.

The Plan provides a blueprint for future growth, development and preservation, and has not been updated by DRP since it was first adopted in 1978. After thirty years, Hacienda Heights began facing issues not uncommon in a mature community. Issues were prioritized by community members and included improving aging infrastructure, maintaining and improving the appearance of commercial areas, preserving and conserving hillsides, maintaining, existing single family areas, and directing future growth where it can best be accommodated.

Following two public hearings, the Plan was approved by the Los Angeles County Regional Planning Commission and the Board of Supervisors. For more information, please visit the project website at <http://planning.lacounty.gov/hacienda>. Questions about the Plan should be directed to DRP at [commplan@planning.lacounty.gov](mailto:commplan@planning.lacounty.gov) or (213) 974-6425.

DRP wishes to thank all of the dedicated residents who participated so enthusiastically in the Plan development and review process.

### Public Health Rolls Out Letter Grades for Mobile Food Facilities

The letter grade has offered assurances that restaurants have been carefully inspected by the Los Angeles County Department of Public Health. The Board of Supervisors passed an ordinance in October 2010 that now requires the grading program to be extended to mobile food facilities, such as food trucks and hot dog carts.

### Cooling Centers

[www.publichealth.lacounty.gov/ivpp/SeasonalSafety/seasonalsafetyHome.htm](http://www.publichealth.lacounty.gov/ivpp/SeasonalSafety/seasonalsafetyHome.htm)

Infants, the elderly and people with mental or physical illnesses are at a greater risk for heat-related illness. The Hacienda Heights Library and Steinmetz Park are Cooling Centers located in your community. For a list of all Cooling Centers, go to [www.publichealth.lacounty.gov](http://www.publichealth.lacounty.gov), look for the header "Injury, Violence & Safety" and click on "Cooling Centers." For more safety information, including drowning prevention, heat-related illness, sun safety, and proper helmet use visit the website listed above.

### Protect Your Family from Whooping Cough (Pertussis)

If you live with an infant make sure to be vaccinated. Infants under 1 year of age are at highest risk for developing complications.

There were more pertussis cases reported in California in 2010 than in any other year since 1947. Infants are most likely to contract the disease from a sibling, mother, or father. Typical symptoms in children include intense coughing, often accompanied by a whooping sound, and post-cough vomiting.

#### Children should receive:

- 4 DTaP vaccinations by 18 months of age, beginning at 2 months of age.
- In addition, they should receive a DTaP booster at ages 4-6.
- Tdap booster at 11-12 years.

All teens or adults should receive a Tdap booster, especially if they live in a household with an infant. Those who do not have a regular doctor or insurance coverage for vaccines can dial 2-1-1, or visit [www.publichealth.lacounty.gov/ip](http://www.publichealth.lacounty.gov/ip) to obtain referrals for immunizations for no charge or at a reduced charge.

### No Shot, No School

#### New Pertussis Booster School Requirement Takes Effect

A new California requirement takes effect July 1, 2011 for all 7th through 12th graders in public and private schools. The pertussis booster (Tdap) vaccine must be received before admission will be allowed for the 2011-2012 school year.

Children can be vaccinated at their regular health care provider's office, or receive immunizations at no charge or a reduced charge. Visit [www.publichealth.lacounty.gov/ip/school/pertussisforschool.htm](http://www.publichealth.lacounty.gov/ip/school/pertussisforschool.htm), or dial 2-1-1.

### Childhood Exercise

One in five students in the fifth, seventh, and ninth grades are considered obese. Children who eat too much junk food and who do not get enough physical activity are at risk of serious health problems.

Exercise Booklet: For a list of strength-training exercises for families, go to [www.publichealth.lacounty.gov/physact](http://www.publichealth.lacounty.gov/physact) and click on the booklet "Power Up in 10."

## Coping with Coyotes

Coyotes are often sighted in Hacienda Heights. The highly adaptable coyote is flourishing in populated areas, mostly because of the easy access to food and water. Coyotes can survive on whatever food is available, become accustomed to the sight and sounds of humans and are mainly active at night and twilight. There are several steps you can take to discourage coyote visits on your property.

- Never leave small children unattended in areas where coyotes are known to be, even in your yard.
- Keep small pets indoors. Some coyotes hunt cats in residential areas. Keep pet food indoors, or promptly remove dishes when pets complete their meal outside.
- Clear brush and dense weeds from around your property. This deprives rodents of shelter, and reduces cover for coyotes who search for rodents for food.
- Maintain trash cans with secure lids that will not open if tipped over by large animals. Do not leave filled plastic trash bags out at night. Try and avoid putting out your trash the night before pick-up. Put trash out in the morning to prevent coyotes from scavenging during the evening.
- Pick up fallen fruit and cover compost piles.
- Put away bird feeders at night to avoid attracting rodents and other coyote prey.
- Do not feed or provide water for coyotes or other wild life. It is against the law to feed coyotes.

If you have taken precautions and are still experiencing coyote problems, contact the Los Angeles County Agricultural Commissioner/Weights and Measures Department for further assistance at (626) 575-5462. To report an injured coyote, contact the Department of Animal Care and Control at (626) 962-3577.

### Learn To Live With Africanized Bees (AHB)

Bee hotline (800) 233-9279

Africanized Honeybee Program (626) 459-8894

Emergencies: Dial 9-1-1

It's bee swarming season again! Today, the wild bees you observe swarming around and establishing colonies at your home or trees are most probably Africanized. The AHB is closely related to the European honey bee used in agriculture for crop pollination. The AHB respond quickly and sting in large numbers. They can sense a threat from people, animals, and vibrations from power equipment 50 feet or more from the nest, and pursue an enemy 1/4 mile or more. AHB swarm frequently to establish new nests in small cavities and sheltered areas; like holes and cavities in buildings, garages, sheds, low decks, fences, trees and shrubs.

#### Bee proofing your home:

- Inspect outside walls and eaves of home and outbuildings.
- Seal openings larger than 1/8" in walls, around chimneys and plumbing.
- Install fine screens over tops of rainspouts, vents, and openings in utility boxes.

#### Here Are General Precautions:

- Listen for buzzing, indicating a nest or swarm of bees.
- Examine work area before using lawn mowers, weed cutters, and blowers.
- Be alert when participating in all outdoor sports and activities.
- Examine areas before tying up horses or livestock.
- Teach children to be cautious and respectful of all bees.
- Develop a safety plan for your home and yard.
- **Don't disturb a nest or swarm – contact a licensed pest control company.**

If attacked by bees, leave the area quickly and find shelter in a building or car.

#### What to do If Stung By Bees?

- Go quickly to a safe area.
- Remove stinger as soon as possible.
- Don't squeeze stinger; pressure will release more venom.
- Scrape stinger out with fingernail, knife blade or credit card.
- Wash sting area with soap and water like any other wound.
- Apply ice pack for a few minutes to relieve pain and swelling.
- Seek medical attention if breathing is troubled, if stung numerous times or if allergic to bee sting.

## Industry Sheriff's Station

150 N. Hudson Avenue  
City of Industry, CA 91744  
(626) 330-3322

### Neighborhood Watch Programs

Neighborhood Watch Programs are effective methods of combating community crime. Developing partnerships with law enforcement and neighbors in your area enables you to maintain a safe community. If you are interested in joining or forming a Neighborhood Watch Program, please contact Industry Station's Law Enforcement Technician Ken Layman at (626) 934-3075.

### Industry Station's Youth Athletic League (YAL)

The YAL offers year round sports activities through private donations. Deputies supervise local youths in organized sports activities. Flag football, baseball, basketball, tennis, martial arts, scuba diving are just some of the activities offered for FREE.

### "Camp Courage" (Community Opposition and United Resistance Against Gang Evils)

This three day camping experience was designed to use Deputies and community members as camp counselors for "at-risk" youth in Industry Station's patrol area. The camp is located in the wilderness area of the eastern portion of the City of Industry. It is designed to challenge youth at activities such as, rock climbing, zipline, and several obstacle courses, promoting teamwork and emphasizing alternatives to drugs and gangs.

For more information log on to [www.industryyal.org](http://www.industryyal.org) or contact Sgt. Glenn Looney or any YAL staff at (626) 330-3322.

### Volunteer Program

Industry Station also offers citizens an avenue to partner with law enforcement and contribute to the community. The station's volunteer programs include: Volunteers on Patrol, Equestrians, Station Volunteers, and Explorers. For further information on the Volunteer Programs contact Sgt. Toni Calton at (626) 330-3322 ext. 3093.

Chief Montoya has served the Los Angeles County Fire Department for over 24 years. He gained experience while working in the Department's Technical Services Division and was instrumental in forming the Urban Search and Rescue (USAR) team. Chief Montoya served as the first bilingual Public Information Officer for the Department. Chief Montoya also served as a FEMA Task Force Member, responding to the Department's earliest national disasters.

### Newborn Baby Boy Safely Surrendered at Fire Station 87

[www.babysafela.org](http://www.babysafela.org)

#### Safely Surrender Program

(877) 222-9723

Fire Fighter Specialist Manny Sampang of Fire Station 87 in the City of Industry saw a young woman standing in front of the station on December 6, 2010. A newborn boy was safely surrendered to the firefighters.

Under California law, a surrendering adult has the right to reclaim the child within 14 days of the surrender and allows for the anonymous surrender of a infant born within 72 hours to a hospital or fire station. Soon after the baby was surrendered at the station, paramedics from Station 26 arrived to transport the baby boy to Queen of the Valley Hospital for more medical tests. The baby was placed in a foster home while the adoption process gets underway.

## Safe House Program

Did you know that all fire stations in Los Angeles County can offer temporary haven for any child who encounters a threatening situation, crime, intimidation or abuse and needs a safe place to go? Emergency vehicles are placed out of service in order to help. Firefighters will reassure the frightened child and provide medical assistance if needed. Most importantly, they report any crimes to law enforcement and notify the 24-hour Child Abuse Hotline, as appropriate. For more details, call the Fire Department's Public Information Office at **(323) 881-2411**.

## Los Angeles County Fire Department Explorer Program

The Los Angeles County Fire Department's Explorer program offers young men and women ages 15 to 21 an opportunity to learn about a career as a firefighter. Interested young men and women can call Fire Station 118 at **(626) 854-3488**.

## District Attorney's Office

### Code Enforcement Section

You may think of code enforcement cases as fences that are too high or junk in a neighbor's yard, but cases also involve children living in filth with a parent that is a hoarder, dogs locked in a cage with no water, or an elderly veteran living in a trailer on vacant land without income. All of these are actual code enforcement stories.

The Code Enforcement Section prosecutes zoning and building code violations in the unincorporated areas and is made up of four Deputy District Attorneys and fifteen District Attorney Investigators (DAIs).

DAIs offer security and investigative assistance to inspectors when they visit properties with the Nuisance Abatement Teams (NATs). NATs are made up of building, zoning, property rehabilitation, and

public health inspectors who inspect the more serious violations and dangerous properties. This has been proven to be an effective way to improve the quality of life for the residents of unincorporated areas. To report nuisance locations dial 2-1-1 or **(626) 961-9611**.

## Know Your Rights When you are Approached for House Number Curb Painting

Before you say "yes" to any solicitor who wants to paint your house number and a logo on the curb in front of your house, be aware of the facts:

- The County does not employ anyone to paint house numbers on curbs.
- You cannot be charged, however, you can volunteer to give a monetary donation.
- Legally, you are not obligated to have your house number on the curb. However, the Fire Department recommends that your address is clearly marked. If your house is not visible from the street, you may post a sign next to your driveway.
- The person requesting to paint your curb must obtain and carry an Encroachment Permit from Public Works.
- The property owner's permission must be obtained before painting the house number.
- Logos painted on the curb are not permitted in the unincorporated area (such as flags, symbols and insignias).
- The solicitor must provide you with a copy of the curb painting guidelines and obtain your signature indicating you understand and have given permission to paint your curb.

Please note again that a donation is not required in exchange for this service. If you would like to inquire if a company has a permit, please contact the Department of Public Works Permit Office at **(626) 458-3129**. If you feel threatened or intimidated by any representative of a curb painting service, please notify the Sheriff's Department at **(626) 330-3322**.

### Preserve Landfill Space, Use LACoMAX

LACoMAX is a FREE service with a goal to conserve landfill space by helping businesses, organizations, and institutions find alternatives to the disposal of materials which are presently discarded as waste. Users can browse or post listings for materials such as wood pallets, out-of-fashion textiles, chemicals, and more. Exchanges are coordinated between interested parties. For more information visit, [lacomax.com](http://lacomax.com).

### FREE “SHARPS” Mail Back Program for Hacienda Heights Residents

Hacienda Heights residents have a new ‘sharps’ collection program. “Sharps” are needles and devices used to penetrate the skin for the delivery of medications. It is illegal for residents to place sharps into the trash or recycling carts. Valley Vista Services will provide sharps kits to residents four times a year upon request. Each kit includes:

- A state-approved plastic container specially designed for sharps waste
- Postage - paid mail shipping box
- Pre-addressed shipping label

Once the container is full, simply complete the tracking form and ship the container back in the prepaid postage box. To request a “Sharps” kit, call **(800) 442-6454**.
