## I – DEPARTMENT OF REGIONAL PLANNING

1. **Air Quality and Housing** (C. Chung)  
Continued discussion on draft policies and programs in the General Plan Update to address the impacts of traffic air pollution from freeways on sensitive land uses.
2. **Building Code Adoption Process** (L. Sinclair - DRP and R. Clinton – DPW)  
The Building Standards Commission adopts building codes and the California Energy Commission adopts energy standards intended to set statewide mandatory minimum standards for all construction. This does not limit the authority of the County to make changes to the adopted standards provided the changes do not lessen any requirement. This discussion will focus on building standards and the required process for amending them.
3. **Amendment to the City Annexation and Spheres of Influence Policy** (M. Santos - CEO)  
Key amendments to the Policy includes the deletion of language indicating that the County may negotiate master property tax agreement with annexing cities; and (2) the County will require, at its discretion, that annexing cities take ownership of local parks located within an annexation area.

## II - PUBLIC COMMENT

4. Public comment pursuant to Section 54954.3 of the Government Code
