The Federal Agenda contains principles and policies that serve as the basis for the development and advocacy of positions on Federal legislative, administrative, and budget issues. This document consists of overall principles and policies applicable to all Federal issues, funding priorities in Federal appropriations bills, and more specific policies addressing Federal issues of major County interest.

I. OVERALL FEDERAL PRINCIPLES

1. Maximize Federal revenues.
2. Increase flexibility for the County.
3. Lessen the impact of adverse Federal policies on County costs and decision-making authority.

II. OVERALL FEDERAL POLICIES

1. Support proposals which would provide a greater share of total available Federal funding to the County or California, and oppose proposals which would reduce the County's or State's share of total funding.
2. Support proposals which would provide local governments with greater decision-making authority over the use of Federal funds, and which provide for direct grants or mandatory pass-through allocations to large urban counties.
3. Oppose proposals which would impose new unfunded mandates on the County.
4. Oppose proposals which would finance increased spending for one program by cutting other programs of greater benefit to the County, or which would result in a net revenue loss or a cost shift to the County.
5. Support proposals to reduce or relax match requirements which hinder the ability of financially distressed state and local governments to receive or utilize Federal funds.
6. Support Federal fiscal relief for financially distressed state and local governments.
7. Oppose Federal preemption of state and local government authority.

III. COUNTY FUNDING PRIORITIES IN APPROPRIATIONS BILLS

The County's funding priorities in individual appropriations bills are outlined below. Within each appropriations bill, priority is given to pursuing funding for programs which provide the County with a greater share of total funding and flexibility over the use of funds, or which are more at-risk of being significantly cut. These priorities do not include health and welfare entitlement programs, such as Medicaid, for which funding levels are not set through annual appropriations bills. Board policies on Medicaid and other entitlement programs are included in the section, entitled "IV. Federal Legislative Policies Addressing Issues of Major County Interest."
