Things to Keep in Mind as You Build Your Proposal

Prioritize proposals if submitting more than one.

Vet potential fiscal impact(s) with your CEO Budget Analyst.

Obtain concurrence if it affects other departments.

Work with County Counsel to write bill language.

Be prepared to participate in the Legislative Process, including being ready to answer on-going questions, and testify at committee hearings as needed.

County-Sponsored Proposal Process

Determining
what and
what not to
sponsor

CEO-LAIR conducts a
thorough review of all
submitted proposals
for County sponsorship.

Works with the Board
offices and others to
recommend those
proposals that are of the
County's highest priority.

County-Sponsored Proposal

What happens next?

CEO-LAIR issues a Sacramento Update to the Board identifying the major proposals the County will sponsor based on existing policy.

What if there is no existing policy to pursue the proposal?

Addition of a new policy to the State Legislative Agenda is required - potentially via Board motion.

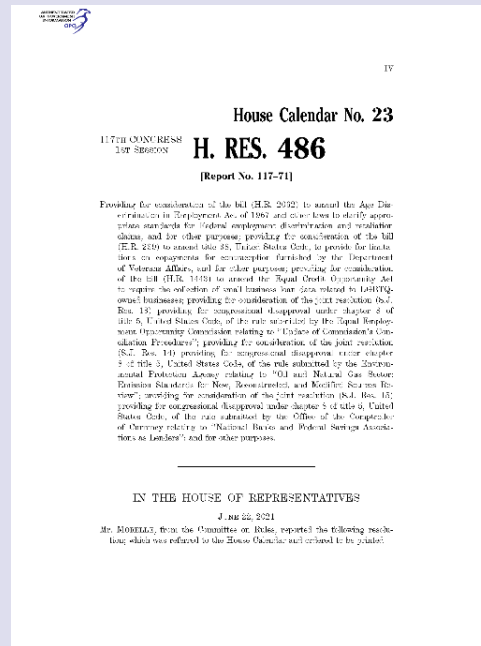

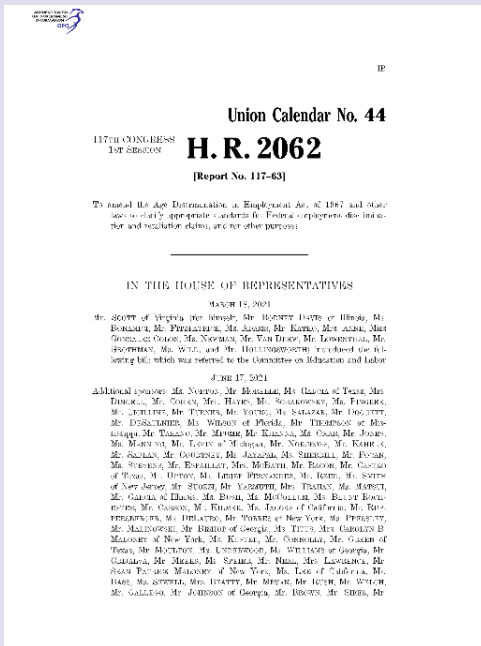

D.C. Advocacy Planning

- Board Requirements*
- Adapting to Legislative Vehicles
- Industry and Trade Associations
- Collaboration
- DC Meetings and Advocacy Efforts

*** Never get ahead of the Board!**

FEDERAL LEGISLATIVE VEHICLES

- Distinguishing an HR (House of Representatives) bill from a House Resolution and an S (Senate) bill from a Senate Resolution
 - Bills are prefixed with “H.R.” when introduced in the House and “S.” when introduced in the Senate; they are followed by a number based on the order in which they are introduced. The vast majority of legislative proposals are in the form of bills.
 - Simple resolutions are designated H.Res. and S.Res., followed by a number. A simple resolution addresses matters entirely within the prerogative of one house, such as revising the standing rules of one Chamber. Simple resolutions are also used to express the sentiments of a single house.
