

Risk Management Workshop with Jeffrey Aguilar

The County's Office of the Chief Information Officer, Jeff Aguilar, Deputy CISO presented **Executive CyberRisk Educational Workshop Threat Landscape**. This educational session was for the Board and Executive leadership designed to educate and reinforce the tools you need to sustain your company in an emerging post pandemic cybercrime environment. He detailed the importance of getting up to speed on today's cyber threat environment and what your business needs to know to be better protected.

Over the past year cyber threats have increased, as well as investments in information security. Therefore, Organizations should continue to make important decisions weighing the opportunity for digital innovation and cyber risk.

Modernization for an Expansive Local Government Future

Our former CIO, Bill Kehoe and Deborah Giles, Executive Government Advisor at AWS were featured in the Modernization for an Expansive Local Government Future live panel discussion hosted by Jake Williams

They discussed IT Modernization and how various funded projects are being prioritized, a modernized strategy for enabling an agile, flexible response to the crisis and challenges that have come up during the last year due to the pandemic.

Goodbye and Congratulations to our CIO, Bill Kehoe

Bill Kehoe, our County's Chief Information Officer (CIO), has left LA County and accepted a position that will allow him to be closer to his family in the Pacific Northwest for the State of WA. His last day in the office was June 30, 2021.

Bill brought over 20 years of public sector information technology experience to the County when he arrived in 2017. During his tenure, he provided strategic guidance and advice to County departments and focused on improving overall security and service delivery, focusing on IT leadership, policy, strategy, innovation, and enterprise architecture. We are grateful for Bill's contributions and vision. He has been a tremendous asset to the County and this office, and we wish him well.

The Office of the CIO is proud to have been able to work side-by-side Bill these last few years. He has made a lasting impact to our team and the Office of the CIO.
