

LA County Scores 2nd Place in the 2021 Digital County Survey

Los Angeles County is proud to have placed 2nd nationwide in the 19th annual Digital Counties Survey. “The most populous county in the U.S. was among the most ambitious in its organizational changes and modernization efforts over the past year, with a major focus on cybersecurity.” (Government Technology)

We are grateful to everyone that was able to carve time out of their busy schedules to highlight the phenomenal projects their teams were working on to help our communities during these pressing times, making sure this year’s nomination highlighted various innovative technological efforts that Los Angeles County has thrived in during another unprecedented year.

Digital Government Summit August 24th

The 2021 Digital Government Summit will be entirely virtual. Government Technology’s passion is promoting best practices and highlighting innovative efforts in the public sector. The virtual summit offers the opportunity to explore a variety of technology topics and possibilities.

Office of the CIO’s Peter Loo alongside LA City’s Chief Information Officer (CIO) Ted Ross will be jumpstarting this eventful summit on August 24th! Our very own Deputy Chief Information Officer, Jagjit Dhaliwal will also be participating in a panel for a General Session about Digital Equity.

Feel free to register for the event,
