- I. **ARP Global Program Overview (CEO)**
- II. **Department Spotlight: Fire Department's *Advanced Provider Response Unit***

V. ARP Global Program Overview

(data as of April 30, 2022)

Progress	<i>Equity-Focused Investments</i> (Pillar 1 Projects)	<i>Building Bridge to Equitable Recovery</i> (Pillar 2 Projects)	<i>Fiscal Stability and Social Safety Net</i> (Pillar 3 Projects)	Project Amounts
<i>Design/Development</i>	19	21	5	\$479,880,000
<i>ARDI/CoCo Review</i>	0	0	0	\$0
<i>Approved for Launch/Implementation*</i>	17	16	5	\$495,120,000
TOTAL	36	37	10	\$975,000,000

**Includes \$89,220,000 in funding allocated for critical pandemic response services, DSWs and other County costs.*

II. Department Spotlight: Fire Department

Fire Department's Advanced Provider Response Unit (APRU)

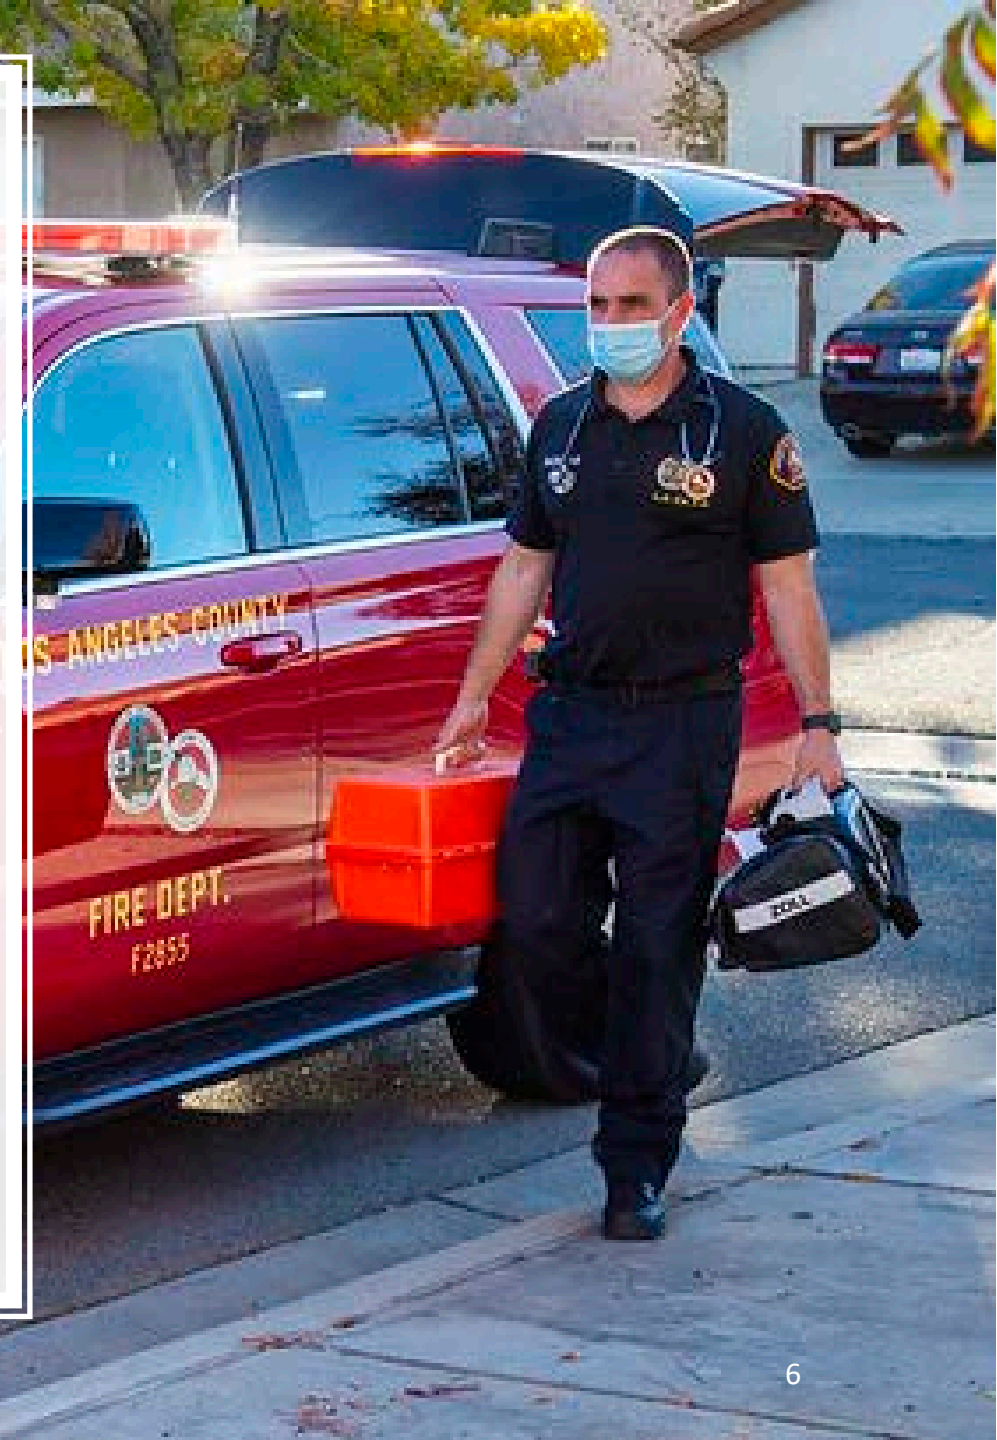

- \$8.1 million allocation from ARP's Third Pillar
 - 3.1 Shoring Up LA County's Safety Net
- Funding would maintain and expand the Fire Department's current APRU program
- APRU uniquely partners an advanced provider (nurse practitioner or physician assistant) with a firefighter paramedic
 - Not every 9-1-1 caller needs or benefits from a paramedic response.
 - Helps resolve minor problems without requiring ambulance transport and an ER visit.
 - Moves patient triage into the field to connect patients to the right level of care in the right location, based on their chief complaint.

AP11 - Lancaster

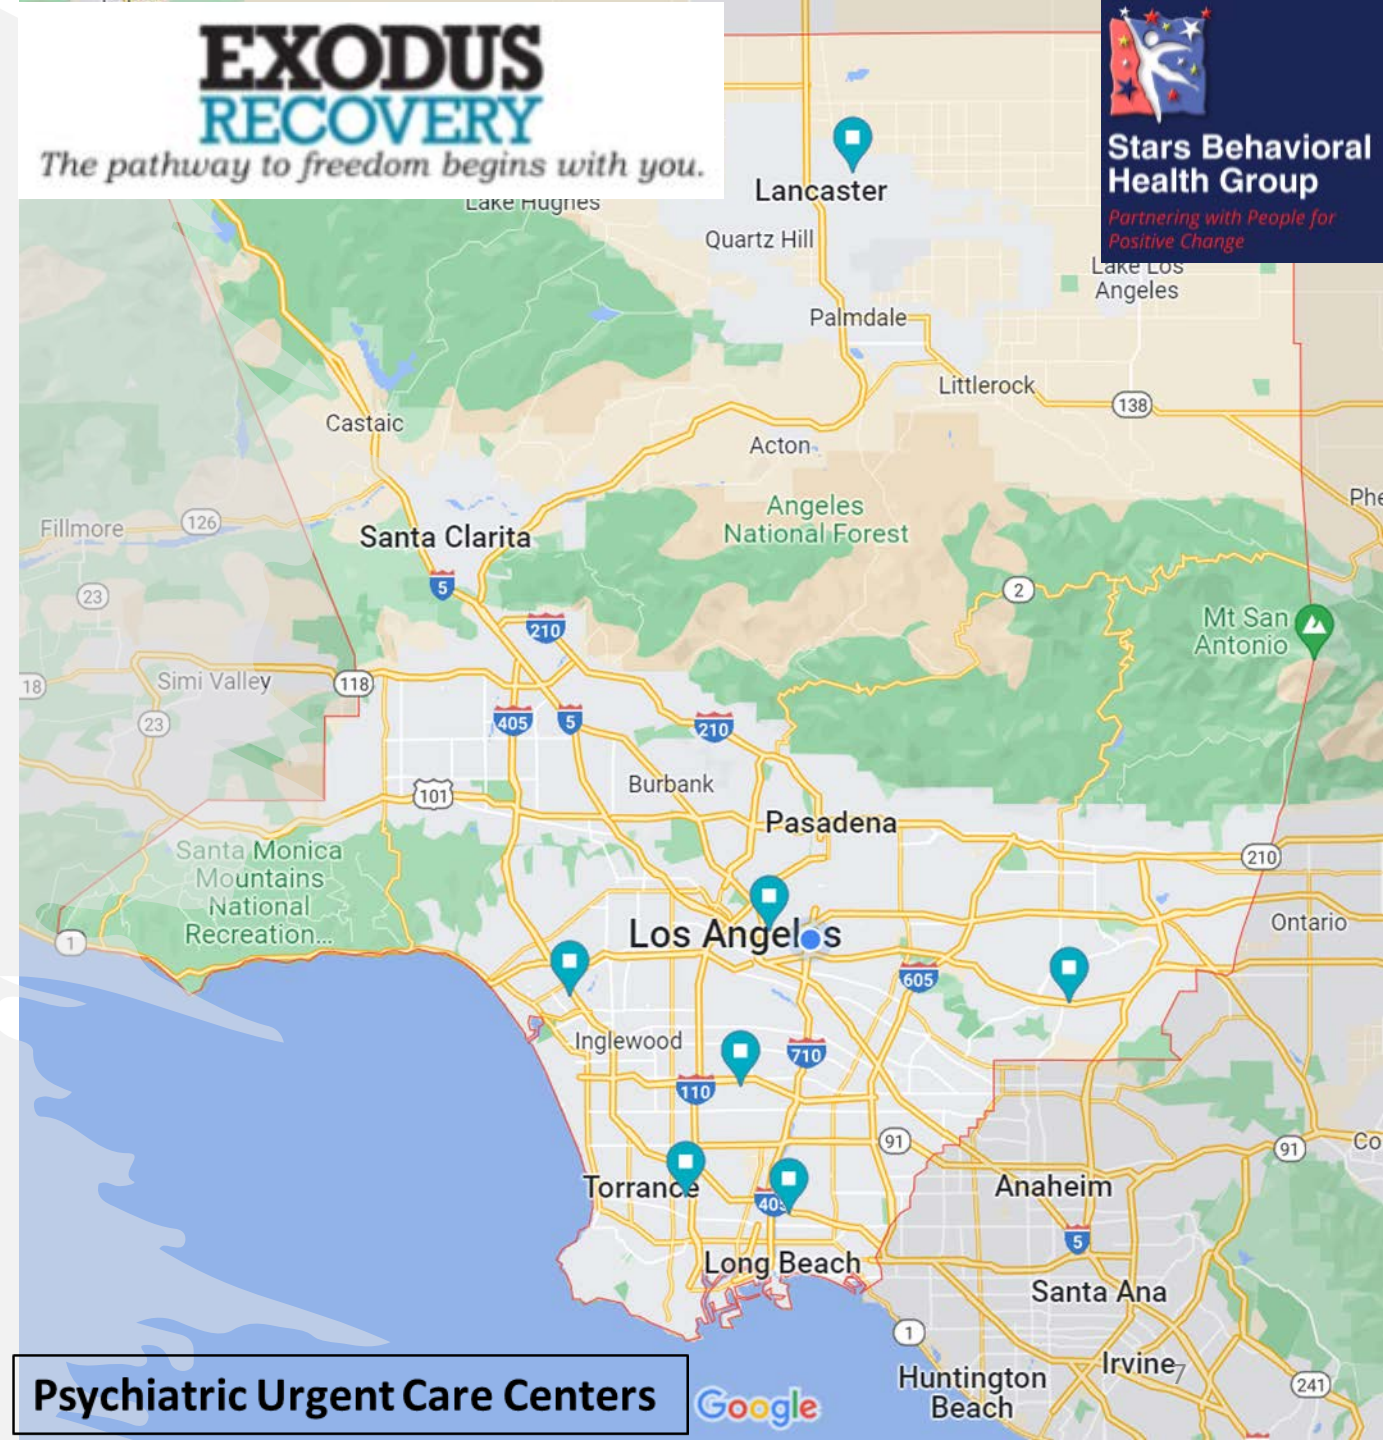

Fire Department's APRU Mission

- Focus on low-acuity 9-1-1 callers
 - Improve health outcomes in neighborhoods where patients lack access to medical care
 - Decompress safety net resources and emergency departments
 - Reduce healthcare costs
 - Focused care for 9-1-1 system high utilizers
- Since inception, a single APRU has been able to safely discharge over 2,000 patients on scene.

Fire Department's APRU ARP Goals

- Maintain and launch 3 APRUs in high-need areas
 - El Monte
 - Lancaster/High Desert
 - Inglewood
- Continue relationships with community partners (e.g., PUCCs)
 - APRU program has helped divert approximately 500 patients to Exodus Recovery and Star View Behavioral Centers
- Provide access to health care services for patients with minor medical needs
- Does not replace existing paramedic resources
