**DEVELOPMENT OF COUNTY-SPONSORED STATE LEGISLATION AND BUDGET PROPOSALS FOR THE SECOND YEAR OF THE 2023-24 LEGISLATIVE SESSION**

The Chief Executive Office's Legislative Affairs and Intergovernmental Relations (CEO-LAIR) Branch is providing departments an opportunity to submit recommendations for County-sponsored State legislation and budget proposals for the second year of the 2023-24 Legislative Session. Annually, the County sponsors State legislative and budget proposals that represent the County's highest priorities.

The County is currently sponsoring a high number of legislative and budget proposals for the first year of the 2023-24 Legislative Session. Therefore, it is requested that you reserve recommendations for County-sponsorship of legislative or budget proposals to only 1) policy and budget matters which are time-sensitive and require immediate legislative action and 2) proposals that would result in County or State savings and/or operational efficiencies (e.g., removal of unnecessary, but legally required, steps in service delivery processes).

Once recommendations are received, CEO-LAIR will work closely with the legislative coordinators in your department to further discuss submitted recommendations. If your department plans to submit more than one County-sponsored legislative and/or State budget proposal, the proposals

will need to be numbered in the order of priority, with number one being the top priority. CEO-LAIR will then evaluate the recommendations within the context of the current State legislative and budget landscape, and will submit the highest priority, well-developed proposals to the Board Offices for final review, prior to pursuing them for County sponsorship in 2024.

### **County-Sponsored Legislation Proposals**

Recommendations for County-sponsored legislative proposals must be submitted to CEO-LAIR using the recommended County-Sponsored Legislation Form (Attachment I). The submission must include a: 1) clear nexus to the Board's highest State legislative priorities; 2) concise but well-defined description of the issue and legislative proposal(s) that includes impacts to the County's operational or programmatic functions; 3) explanation of why the proposal(s) needs to move forward in 2024; 4) explanation of why the County is the best suited entity to carry the proposal; 5) explanation of existing law; 6) analysis of the fiscal, programmatic, and service impact to the County and State; and 7) list of the organizations likely to support or oppose the proposal and the reasons for their positions.

This form must be approved and signed or accompanied by a cover letter signed by the department head and Chief Executive Office – Budget and Operations Management Branch (CEO-BOMB) for the proposal to be considered complete.

The proposal must also be accompanied by draft bill language that has been reviewed and approved by County Counsel. In addition, if the recommended proposal impacts another County department, concurrence from the other department must be obtained prior to submitting the request.

### **County-Sponsored Budget Proposals**

Similar to legislative proposals, recommendations for County-sponsored budget proposals must be submitted using the recommended County-Sponsored Budget Proposal Form (Attachment II). Submissions must include a: 1) clear nexus to the Board's highest State budget priorities;

2) description of the fiscal issue and budget proposal; 3) analysis of the fiscal, programmatic, and service impact to the County and State; and 4) list of the organizations likely to support or oppose the budget proposal and the reasons for their positions.

The form must be approved and signed by the department head or accompanied by a cover letter signed by the department head for the proposal to be considered complete.

All budget proposals must also be reviewed and approved by CEO-BOMB. In addition, if the budget proposal impacts another County department, concurrence from the other department must be obtained prior to submitting the request.

### **Due Date**

To ensure sufficient time to evaluate proposals and allow Board Offices to review proposals in advance of their consideration, fully completed recommendations must be submitted to your legislative analyst **no later than Friday, July 21, 2023**. Adherence to this deadline will ensure that CEO-LAIR has sufficient time to review and evaluate recommendations and finalize the recommended State legislative and budget proposals for consideration by the Board in the fall 2023. **Therefore, submissions that are either incomplete or received after the above due date will not be accepted.**

The CEO-LAIR Branch is available to provide assistance during this process to ensure that the proposals submitted reflect the County's highest priorities. Please contact the legislative analyst assigned to your department (Attachment III), or Samara Ashley at (213) 974-1464 or [sashley@ceo.lacounty.gov](mailto:sashley@ceo.lacounty.gov).
