• SUPPORT FOR ASSEMBLY BILL (AB) 851 (MCKINNOR): COUNTY OF LOS ANGELES WILDFIRES: UNSOLICITED OFFERS

The Board directed the Chief Executive Office – Legislative Affairs and Intergovernmental Relations (CEO-LAIR) branch to advocate in support of <u>AB 851</u>, legislation which would prohibit a buyer from making an unsolicited offer to purchase residential property located in certain ZIP Codes in the County. Additional details on the motion can be found here.

• SUPPORT FOR WILDFIRE RELIEF LEGISLATION: AB 239, AB 493, AB 597, AB 797, AND AB 1032 (HARABEDIAN)

The Board directed CEO-LAIR to support Assemblymember Harabedian's Wildfire Relief Package, a robust endeavor to address some of the most prominent challenges fire-impacted communities face. The Wildfire Relief Package is composed of <u>AB 238</u>, <u>AB 239</u>, <u>AB 493</u>, <u>AB 597</u>, <u>AB 797</u>, <u>AB 1032</u>, and <u>AB 1161</u>. Los Angeles County had previously supported <u>AB 238</u> and <u>AB 1161</u>. The remaining bills in the package identify a critical community need and offer substantive protections in response. Additional details on the motion can be found <u>here</u>.

• SUPPORT FOR AB 27 AND AB 28 (SCHIAVO): CHIQUITA CANYON ELEVATED TEMPERATURE LANDFILL EVENT: EXCLUSIONS; AND SOLID WASTE LANDFILLS: SUBSURFACE TEMPERATURES

The Board directed CEO-LAIR to support <u>AB 27</u>, legislation which would provide much needed financial relief for residents who have been burdened by the Chiquita Canyon Landfill odor incident, and <u>AB 28</u>, legislation which would increase operator accountability and reporting requirements, and empower local enforcement agencies to take clear steps to address landfill gas and odor issues. Additional details on the motion can be found <u>here</u>.

• SUPPORT FOR AB 476 (GONZALEZ) IF AMENDED: PREVENT COPPER AND NONFERROUS METAL THEFT

The Board directed CEO-LAIR to support, if amended, <u>AB 476</u>, legislation which would require junk dealers and recyclers to, among other things, maintain written transaction records, create a licensure system for the sellers, and impose up to \$500 per year in licensing fees, with enforcement mechanisms to suspend, revoke, or deny licensure if in violation of Federal or State law. The County will support the bill if it is amended to address issues related to the provision of an automatic credit for constituents who experience lapses in service and a process to provide fee waivers to sellers who may be unable to pay the \$500 licensing fee. Additional details on the read-in motion can be found <u>here.</u>

LEGISLATIVE UPDATE

The County is also advocating on the following legislation:

STATE

- SUPPORT AB 49 (MURATSUCHI): SCHOOLSITES: IMMIGRATION ENFORCEMENT
 - AB 49 would prohibit school officials and employees of a local educational agency from allowing an agency conducting immigration enforcement to enter a schoolsite for any purpose without providing valid identification and a valid judicial warrant, a court order, or exigent circumstances necessitating immediate action, and would limit access to facilities where pupils are not present. This bill would help safeguard students from immigration enforcement activities on schoolsites. Additional details regarding this position are available here.
- SUPPORT AB 93 (PAPAN): WATER RESOURCES: DEMANDS: DATA CENTERS
- CHANGE OF COUNTY POSITION, FROM SUPPORT TO NEUTRAL, FOR AB 246 (BRYAN): SOCIAL SECURITY TENANT PROTECTION ACT OF 2025
 - AB 246, related to residential rent increased, was recently gut and amended and now would prohibit eviction for non-payment of rent during a declared disruption of social security payments. Since the scope of the bill no longer aligns with the February 4, 2025, Board-adopted motion, the County will remove its support and take a neutral position on the bill. Additional details regarding this position are available here.
- SUPPORT AB 337 (BENNETT): GREENHOUSE GAS REDUCTION FUND: GRANT PROGRAM: EDIBLE FOOD
 - <u>AB 337</u> would expand CalRecycle's Local Assistance Grant Program to include as eligible projects the recovery of edible foods, associated transportation, associated technology, and the expansion of facilities. This bill could help reduce greenhouse gas emission from landfills and help the County meet Statemandated organic waste reduction targets. Additional details regarding this position are available <u>here</u>.

OPPOSE AB 348 (KRELL): FULL-SERVICE PARTNERSHIPS

<u>AB 348</u> would establish specific criteria that would make a person with a serious mental illness presumptively eligible for a full-service partnership program. This bill would limit both the County's and the State's flexibility and ability to deliver services in the best interest of clients. Additional details regarding this position are available here.

• OPPOSE AB 793 (SCHULTZ) UNLESS AMENDED: POTENTIALLY DANGEROUS AND VICIOUS DOGS: DESIGNATION AND DISPOSITION: BURDEN OF PROOF

AB 793 would require a city or county program for the control of potentially dangerous or vicious dogs to comply with certain requirements, including raising the burden of proof to clear and convincing evidence for hearings and appeals, and prohibiting a dog from being declared potentially dangerous or vicious if any injury or damage is sustained by a person who was provoking the dog. This bill would remove local control in key aspects of the administrative regulation of dogs and could result in additional costs and litigation. The County will oppose AB 793 unless amended to limit the bill's provisions to the burden of proof to find a dog is vicious. Additional details regarding this position are available here.

• SUPPORT AB 1357 (RODRIGUEZ): GUARANTEED INCOME PAYMENTS: CONSIDERATION AS INCOME OR RESOURCES

<u>AB 1357</u> would exempt guaranteed income payments received by an individual from being considered as income or resources for purposes of determining eligibility for benefits under any means-tested program. This bill would safeguard recipients' full access to support services while also ensuring that their participation in guaranteed income programs does not create unintended barriers. Additional details regarding this position are available <u>here</u>.

• CHANGE OF COUNTY POSITION, FROM OPPOSE TO NEUTRAL, FOR SB 16 (BLAKESPEAR): HOMELESS HOUSING, ASSISTANCE AND PREVENTION PROGRAM: HOUSING ELEMENT: INTEGRATED PLAN FOR BEHAVIORAL HEALTH SERVICES AND OUTCOMES

SB 16, related to the seventh round of the Homeless Housing, Assistance and Prevention Program, was recently amended to remove all provisions of concern to the County, including the requirement for participating counties to fund 50 percent of all city-operated interim housing operating costs and new reporting requirements for the Behavioral Health Services Act Integrated Plan. The County will remove its opposition and take a neutral position. Additional details regarding this position are available here.

• SUPPORT SB 436 (WAHAB): UNLAWFUL DETAINER: NOTICE TO TERMINATE TENANCY

SB 436 would extend the period for a pay rent or quit notice from the current three days to at least 14 days. This bill would help protect against residential displacement by providing tenants with additional time to secure the funds or rental assistance to prevent eviction. Additional details regarding this position are available here.

SUPPORT SB 761 (PEREZ): CALFRESH STUDENT ELIGIBILITY

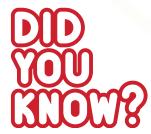

<u>SB 761</u> would require the California Student Aid Commission to amend the Cal Grant application to identify college students who may be eligible for CalFresh and would require the Department of Social Services to conduct direct outreach to potentially eligible college students. Additionally, this bill would permit any campus-based program of study at a public institution of higher learning to be considered a local education program that increases employability for the purposes of qualifying for CalFresh. Additional details regarding this position are available here.

• SUPPORT SB 823 (STERN) IF AMENDED: CARE ACT

<u>SB 823</u> would expand eligibility criteria for an individual to qualify for the CARE Act process to include a diagnosis of bipolar I disorder. This bill would likely result in more clients being connected to County mental health services and the CARE Act process. The County will support this bill if amended to restrict the eligibility expansion to clients with a diagnosis of bipolar I disorder with psychotic features. Additional details regarding this position are available <u>here</u>.
